

# White River School District Device Protection Plan

## What is the Protection Plan?

The Device Protection Plan is similar to insurance. Students and parents are responsible for district-owned technology that is issued to them, just as they are for other district-owned items such as textbooks, calculators, cameras, athletic equipment, or library books. The district will repair or replace the device, but students and parents are responsible for the cost of those repairs or replaced devices. Enrollment in the Device Protection Plan is an option when signing the Chromebook Responsible Use Form.

## Why Purchase It?

The liability on families/students can be reduced significantly by taking part in the Chromebook Device Protection Plan. For \$30 (non-refundable) per year, per device, the Chromebook Protection plan will repair or replace the device at a significant savings to the student and his/her family. Students eligible for free/reduced lunch pay \$10 (non-refundable) per year, per device.

## What is covered?

Students with coverage receive:

- one (1) power cord replacement per one (1) school year
- one (1) WRSD District logo sleeve replacement per one (1) school year
- first two non-warranty repairs per one (1) school year

NOTE: Additional replacements beyond what is listed here, will be the responsibility of the student/family.
